Minutes for Committee Meeting no. 41

Date	Saturday, 17 th May 2008
Time	0930hrs
Place	F4, Megabyte, Mosta Technopark, Mosta MST 3000

1. Meeting started at approximately 09:30
2. Chairman Raphael welcomed all present. Guest Charles Tedesco Triccaswas present.
3. Minutes of committee meeting #39 were read out, corrected and approved.
4. Matters Arising:
 1. As of this meeting Keith Vassallo shall be acting secretary and Anton Xuereb shall be acting PRO.
 2. Minutes of meeting 40 are to be produced.
 3. Server was re-installed. Data was not recovered, however an archive from August 2007 was recovered. Archive contained mailing list subscribers and text from old website.
 4. Basic website is now online, missing data. Anti-spam filters must be installed.
 5. Tasks:
 1. Articles will be Drupal-style. Anyone having a login will be able to edit them.
 2. Setting-up of alias for mailing list archive.
 3. Wiki as dumping ground for dated articles.
 4. RSS feed of mailing list.
 5. Synchronisation to be re-enabled.
 6. Spellchecker to be re-instated by Ramon.
 6. Philip setup MRTG and Awstats on the mirror.
5. ITSA organised an open-source stand at University. Anton attended and the lack of joi-de-vivre.
6. Correspondence
 1. Julian Pace Ross offered the Datsave service from Prisma. This provides a backup service at ex-innovate premises at Birkirkara. We have been offered 2GB and we shall be able to back-up using Rsync. We are awaiting contact from Julian who shall provide us with an Rsync script. We have to create a script which will collate data to be backed-up to one location.
7. Mailman registration to be integrated with Drupal registration.
 1. Keith to be working on this after June 15th.
8. Anton demonstrated a prototype poster to be distributed at locations such as UoM.
9. Marketing strategies for the MLUG were discussed.
 1. Marketing strategy through ITSA.
10. Keith to ask Kevin about availability of replicators.

Meeting closed at 11:30
